It looks like the link is actually working. It might have been a redirect issue. But DEFINITELY let me know if it doesn't work at any point, since it's a super important link! ☺

It's linked from this page:

<http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

Thanks!!

Subject: Webpage Error

Greetings,

Webpage:

http://www.epaossc.org/site/site_profile.aspx?site_id=11082

Please remove the space from this link as quickly as possible. People are probably frustrated when the page can't be found.

"[http://www2.epa.gov/region8/gold-king-mine-release-](http://www2.epa.gov/region8/gold-king-mine-release-emergency-response) emergency-response"

Thanks,

A small rectangular box with a dashed border, containing the text "Citizen Name/Ex. 6".
